PHONE CONSULTATION BEFORE DEPARTURE

Information concerns the following areas.

Health information: health, hygiene, vaccination, precautions to take, main hospitals, advice for women, jet lag, taking animals on holiday.

Our doctors are also available for any information you may need in case of travel taking place during an epidemic or a pandemic.

Information is provided by telephone and is not subject to written confirmation or confirmation of documents having been sent.

RAPATRIATION OR HEALTH TRAVEL

If you are hurt or you become ill, including within the context of an epidemic or pandemic, during travel for which you are covered, we will organise and pay for your travel home or to a hospital close to your home.

Only requirements of a medical kind are taken into consideration to establish the date of repatriation, the choice of means of travel and the location of hospitalisation. The decision to repatriate is taken by our advising doctor, having consulted the GP involved at the time and the family doctor if necessary.

When you are repatriated, and on the advice of our advising doctor, we will organise and pay for travel for one companion. If you refuse any solution put forward by our medical team, cover involving support for individuals will be cancelled.

IMPOSSIBILITY OF RETURN

If your flight has been cancelled due to measures involving restricting movements of people in case of epidemic or pandemic taken by local government or airlines.

If you have to extend your stay, we will organise and pay for your hotel costs (bed & breakfast) as well as those of your recipient family members or an insured companion, up to the sum shown in the Cover schedule. We will organise and pay for your repatriation, subject to the limit shown in the Cover schedule.

If you have to extend your stay having been quarantined, we will arrange and pay your hotel costs (room and breakfast) as well as those of your recipient family members or insured companion, up to the sum shown in the Cover schedule.

MEDICAL COSTS (OUTSIDE COUNTRY OF RESIDENCE)

When medical costs (including in case of illness contracted within the context of an epidemic or pandemic) have been undertaken with our prior agreement, we will refund the part of these costs which is not covered by any insurance organisations to which you are affiliated.

We will only become involved after the above mentioned insurance organisations have made their refunds, having deducted an excess, the sum of which is shown in the Cover schedule, and subject to provision of original proofs of refund from your insurance body.

This refund covers the costs specified below, as long as they concern treatment received by you outside your country of domicile following an illness or accident which occurred outside your country of domicile.

In this case, we will refund the costs committed up to the maximum sum shown in the Cover schedule.

If the insurance body to which you pay in fails to pay for the medical costs committed to, we will refund these costs up to the sum shown in the Cover schedule, as long as you provide us with the original copies of medical costs together with the confirmation from the insurance body that it will not be paying these costs.

This service ceases from the day on which we are able to carry out your repatriation.

Below are the types of costs for which you are entitled to a refund (subject to prior agreement):

- medical fees,
- costs of medicine prescribed by a doctor or surgeon,
- costs of an ambulance advised by a doctor for travel to the closest hospital but only when

the insurance organisation will not pay for this,

- costs of hospitalisation as long as you are deemed unfit to travel as decided by the campsite doctors, after information is collected from the local doctor (hospitalisation costs committed to from the day we are in a position to process your repatriation are not paid for),
- emergency dental costs (subject to an upper limit shown in the Cover schedule, excess does not apply).

EXTENDING THE SERVICE: ADVANCE PAYMENT OF HOSPITALISATION COSTS (OUTSIDE COUNTRY OF RESIDENCE)

We may, subject to the sums payable as cited above, provide advance payment of hospitalisation costs to which you have to commit outside your country of domicile, under the following cumulative conditions:

- doctors from the campsite must deem, after collecting information from the local doctor, that it is impossible to repatriate you immediately to your country of domicile.
- treatment to which advance payment applies must be advised in accordance with doctors from the campsite
- you or anyone authorised by you must formally undertake, by signing a specific document provided by the campsite when this service is implemented:
 - to start the processes of reimbursing costs with insurance organisations within 15 days from the date on which the items required for these processes are sent by the campsite
 - to provide to the campsite with refunds of sums collected in this respect from insurance organisations within a week following receipt of these sums.

Those costs not dealt with by insurance organisations will remain the only ones for which we will be responsible, and this sum will be limited by the total indicated for the "medical costs" service. You must provide us with confirmation from these insurance organisations that they will not be paying, within the week following its receipt.

To protect our rights subsequently, we reserve the right to request from you or your beneficiaries a letter committing you to implementation of the processes with social welfare organisations and to repay us the sums received.

If you do not carry out the coverage formalities with insurance organisations within timeframes, or do not provide to the campsite with confirmation from these insurance organisations that they will not be paying, in no event will you be able to rely on the "medical costs" service, and you will have to pay back the hospitalisation costs put forward by the campsite, which commits, if necessary, to any recovery procedures it deems useful, the costs for which you will be liable.

PAYMENT OF A LOCAL TELEPHONE PACKAGE

For travel outside your country of domicile which is covered, if you are placed in quarantine, we will pay for the costs of providing a local telephone package, subject to the sums shown in the Cover schedule.

In the event of major trauma following an event associated with a context of epidemic or pandemic, we can, at your request, put you in telephone contact with a psychologist, subject to the limit provided for in the Cover schedule. These conversations are fully confidential.

This listening process is not to be confused with the psychotherapeutic work carried out on a private basis. In no event can this service be substituted by psychotherapy due to the physical absence of the caller.

EMERGENCY KIT

If you no longer have enough personal items available for your use due to your quarantine or hospitalisation following an epidemic or pandemic, we will pay, on presentation of proof, for basic items costing up to the sum shown in the Cover schedule.

HOME HELP

Following your repatriation by us following an illness associated with a pandemic or an epidemic, you may be unable to carry out the usual household tasks yourself, so we will look for, assign and pay for a home help, subject to the limits shown in the Cover schedule.

SHOPPING DELIVERY

Following your repatriation by us following an illness associated with a pandemic or an epidemic, you may be unable to move outside your home, so we will organise and pay for, subject to the limits shown in the Cover schedule, and subject to availability in the area, the costs for delivery of your shopping.
